

## DOCUMENT 6 - Political Grindcore from Aachen

Since January 2012, DOCUMENT 6 has stood for political grindcore based on the motto "...we do what we want...". This results in varied tonal compositions without falling into monotony and lack of imagination.

With their grindcore, DOCUMENT 6 reaches people far beyond Germany, as far as Australia, the USA, Peru and Brazil or even Indonesia. And so DOCUMENT 6 has so far been able to complete a 15-day European tour in May 2016 through Croatia, Hungary, Lithuania, Italy, Serbia, Latvia and a few other countries, as well as an 11-day Israel tour in April 2014. The eighth release and thus the fifth full-length album with the title "Grindustrie" is now planned for 2024.

With now more than 100 concerts with bands like BRUJERIA, AGATHOCLES, FLESHLESS, CLITGORE, STILLBIRTH, INHUME, FUCK THE FACTS, SANITYS DAWN, SQUASH BOWELS and many other brilliant bands, DOCUMENT 6 can look back on a lot of brilliant concerts.

When DOCUMENT 6 plays, there is a huge rattle and the earth shakes.

With DOCUMENT 6 you can definitely expect a professional band that knows how to play concerts without losing their grip on the ground.

DOCUMENT 6 are and remain a band that polarize and provoke with their lyrics and music but now have a small, but fine and solid fan base.
